Go Ahead... WRITE ON THE WALL!

The new cafeteria will be the central hub of activity at ICS! And we want your name on the wall for all to see – for all time! To help us celebrate the largest building project in our history, Gina Triplett and Matt Curtius, parents of Levi and Juniper Curtius, have generously gifted the original design of a one-of-a-kind word-art mural for the 45-foot western wall of the cafeteria.

With a gift of $100 or more, you can contribute to it—and make your permanent mark on the building!

For Independence Charter School’s new cafeteria, Gina Triplett and Matt Curtius will create an original mural design similar to this work they created for a recent client. In addition to contributor names, the mural will feature words and icons that depict our commitment to global citizenship.

To see other examples of Gina and Matt’s work, visit our current cafeteria—they are the artists who made the awesome mural along the kitchen wall!—or go online to www.ginatriplett.studio.

Thanks, Gina and Matt!!
