

## Suggested Home Learning Supplies

Hello ICS families,

During the week of 8/31, ICS will provide every child with a customized **ICS at Home Kit** full of special learning materials for this fall. In the meantime, you can start gathering these basic items that will be helpful to add to your kit after you bring it home. Your child will feel prepared to be as independent as possible if they keep these supplies near their work space, ready to use when needed! You can go “shopping” in your home to complete your lists. The supplies don’t have to be new, you can substitute similar items, and you might already have leftovers from the spring. If you need to restock anything you can purchase it yourself if you prefer, or the PTA is generously donating supplies that will be available to shop during the week of 8/31 for a small suggested donation (or pay what you can). Thank you ICS PTA!

We can’t wait to see you!

---
